dogtra

World's finest e-collar

A. *NEW* Dogtra® Edge
Interchangeable rheostat intensity dial or step dial stimulation; stimulation types in nick, constant, and a non-stimulating pager vibration mode; built in high intensity LED lights on the receiver/collar; 2-hour rapid charge lithium polymer batteries; LCD screen displays level of stimulation, mode, and a 3 bar battery life icon; waterproof transmitter and receiver/collar with a 1-mile range, and interchangeable contact points for various coat lengths. Expandable to a 2-, 3-, or 4-dog system with color-coded add-on collars. Includes charger, metal belt clip, and case.

B. Dogtra® 2300NCP or 2302NCP Advance® A true multipurpose low-high e-collar with a 3/4-mile range and an LCD screen. Ideal for mild or stubborn dogs, advanced pet training, competition work, or hunting. Waterproof collar/receiver and transmitter. Available for 1 or 2 dogs.

C. Dogtra® 1900NCP or 1902NCP Field Star® Series A low-high power e-collar with a 1/2-mile range. Features an illuminated LCD screen that displays intensity level and battery life. Fully waterproof with rechargeable NiMH batteries. Available for 1 or 2 dogs.

D. Dogtra® 280NCP or 282NCP Platinum™ Low-medium power collar with a 1/2-mile range. LCD screen makes viewing and stimulation control easy. Gentle enough for the most mild-mannered dogs. Available for 1 or 2 dogs.

E. Dogtra® Element 300M or 302M
For mild-mannered, small/medium dogs that don't need high-level stimulation. Fully waterproof collar/receiver and transmitter is effective to 1/2 mile; precision 0–100 stimulation. 1 or 2 dogs.
